Technical Details

We need to be in receipt of your artwork no later than 04/02/2022

Kindly use the following guidelines when preparing your files for production:

Applications Preferred:	File Format:
Adobe Illustrator (cc)	.pdf .eps .ai
Adobe Photoshop (cc)	.pdf .psd .jpg
Adobe InDesign (cc)	.pdf

To allow for the best results before printing, images used should be set up to the following spec:

1/4 size @ 400-600dpi · 1/2 size @ 200-300dpi · Full Size @ 52-72dpi

Please create outline of all fonts used. Also, embed all images used and convert all RGB artwork to CMYK.

Errors can arise when using files created by packages such as Microsoft Word, Excel and PowerPoint. Accordingly, the supply of formats such as gif, bmp and low-resolution jpg is not advised. Any file manipulation or studio time will incur a charge of £50.00 per hour.

Please note that our proposals include for the printing and fixing of the graphics and will be removed by Showlite operatives at the close of the show. They will not be retained and kept for future use unless prior arrangements have been made before installation.
